

## Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co., only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. Afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

## Meeting of the City Council.

The City Council held a meeting Tuesday evening. Mayor R. J. Duncan, Councilmen Speese, Fredley and Shansey were present.

The ordinance granting the South West Improvement Company right-of-way through certain city lots provided that the Company construct annually five miles of canal, on request of the City. The ordinance was amended to read: "One-twelfth of the whole cost of said canal to be expended annually."

The question was brought up of devising some legal means whereby Main street could be graded and macadamized. No final action was taken in the matter.

Councilman Fredley reported to the board that the "soiled doves" on Jones street were getting exceedingly numerous and obnoxious. They had of late growing very brazen in their actions and not infrequently rushed out of their houses and into the street in all but a nude condition to solicit trade from passing pedestrians.

The Council saw no way to help Mr. Fredley excepting to pass an ordinance banishing them outside of the city limits.

District Attorney Samuel Purdy told Councilman Fredley if he would make a complaint he would do all in his power to have a stop put to the nuisance.

City Attorney Masterson said he would draw up an ordinance and submit it at the next meeting for the approval of our city fathers.

Mr. Masterson then suggested in a very mild manner to the Council that he thought it about time they were passing a resolution to recompense him for future services. He had served the City during the past year gratuitously but could not continue to do so any longer. He was fully aware of the depleted condition of the City Treasury and taking all things into consideration he was willing to perform the duties of City Attorney for \$150.

The Mayor thought the sum very reasonably as also did the Council, but they laid the matter over for future consideration.

B. C. Heyle, treasurer, read his annual report. It showed that \$125 had been received and the same amount expended. The report was accepted and Mr. Heyle turned over to his successor, Mr. Isaac Levy the five books which the Treasurer keeps his accounts in. On receiving them Mr. Levy wanted to know "if that was all." Mr. Heyle wanted to know if he wasn't satisfied. That he returned to him what he had received from him when he took the office a year ago. Amid a general laugh, Mr. Levy smiled, bowed and made his exit and the Council adjourned.

## Pursued by a Demon.

How many suicides, think you, reader, have been committed by persons driven distraught and hunted to their doom by the demon of chronic ill health? Countless. For instance, we know, do we not, that hypochondriasis is a monomania—a sort of minor madness produced by chronic dyspepsia? Again, insomnia, or sleeplessness, often a result of the same cause, culminates in a derangement of the reasoning faculties. It is, therefore, of momentous consequence to prevent the arrival of disease at its chronic phase, when it daily and nightly scourges the sufferer to a dangerously uncertain goal. No medicine known to science, as a means of arresting the maladies to which it is adapted, exists equal to Hostetter's Stomach Bitters. Among these complaints are chronic indigestion and insomnia, kidney and rheumatic ailments, constipation and liver trouble. Appetite is improved by the Bitters, the blood fertilized, and bodily substance and vigor increased by it.

Mr. and Mrs. Lyall came in Sunday by wagon from Hodges, Cal., with the remains of their little five-year old son for interment here. Funeral services were held at the Court House. They returned the same day to the mine at that place, their sad task accomplished and their beloved son laid to his long, long rest.

## LETTER FROM ARIZONA.

Ex-Governor Powers Favors William McKinley for the Presidency.

He Writes a Letter to His Cousin, H. C. Powers, of Mississippi, on the Situation.

The following letter written by Governor R. C. Powers of Prescott to his cousin at Starkville, Mississippi, has gone the rounds of the republican press of Mississippi:

PRESCOTT, ARIZ., Nov. 18.—[My Dear Cousin]—I am glad to see from your last letter that republican sentiment in Mississippi favors the nomination of Wm. McKinley, of Ohio, as the next candidate of the National Republican party for president of the United States. He is for several reasons the strongest candidate the party can nominate, first of which, is his high character as a private citizen, and the great ability he has displayed in all offices of trust to which he has been elected by the people. Both as a citizen and an officer he represents the best phases of American life according to the standard erected by Lincoln, Grant and Garfield. He is of the people and for the people and is American to the core. His is the character of a man that the honest and industrial masses of the nation can become enthused, over or under this enthusiasm party ties will not restrain them from voting for him. Then too, if there is logic in politics, William McKinley is the best representative of his party.

The national contest four years ago was fought over the protection policy as represented in the "McKinley Bill" and the cause suffered temporary defeat. The result was Wilson's revision, a pronounced failure that has placed the finances of the nation in the hands of a syndicate of bankers that count their gains by the millions while the industries of the country have been paralyzed and the laboring masses denied an opportunity of making a living. Now after three years of collapse and suffering such as has never before been seen in America, an opportunity is offered to correct the mistake of four years ago and place the government again on a self-sustaining basis; free it from the Gold Bond Shocks; revive every industry and set again the laboring masses to work with smiling faces. It will be a restoration of McKinleyism, if you please and William McKinley is the proper commander to stand at the helm and guide the nation's craft into a haven of peace. For his blameless life and character, for his statesmanship and great experience in public affairs, for the protection policy he so fully represents, and for the sentiment of genuine Americans that seems to inspire all his actions it is fit and proper that he should be made the next president of the United States.

In addition to the above if I was asked to express personal reasons why I would like to see William McKinley nominated by the party for the next presidency, as an ex-soldier I would say because of his record in the army. He is a representative volunteer American soldier that every man who fought in either army can well regard with favor. In war every inch a soldier in peace a statesman worthy of the highest office in the gift of his countrymen.

Respectfully yours,

R. C. POWERS.

In addition to the letter being copied by the republican press of the state, the *Starkville Times*, a staunch democratic sheet copied it and comments as follows:

"From this letter it will be seen that the ex-governor like Capt. Powers is a strong advocate of McKinley for the Republican presidential nominee."

"The letter we reproduce from a republican paper, also the following comments thereon:"

"In another column will be found a very interesting letter from Ex-Governor Powers, who was very popular with all classes while governor of this state. It is a historical fact that he was about the only republican governor among all the Southern States whom the democrats never charged with corruption. His administration was admitted by all to be a pure one. We think as clean as any two state has ever had. He left the affairs of the state in better condition than that of any other Southern state. He purchased the Ballard place, one of the finest plantations in Nubuxee county, immediately after the surrender, and became identified with the interests of that section from the start, and although a northern union soldier he was never stigmatized by the name of ' Carpet-bagger.' We are glad to hear what he says about Gov. McKinley's cause in the far West. We hope to see McKinley in the presidential chair, and the indications are that we will not be disappointed." Continuing, the *Times* says:

"While we do not endorse the republican sentiments expressed in the ex-governor's letter we concur with what is said in the above regarding his record. He was the only republican governor who went out of office with a clean record and McCord & Lowry's history of Mississippi speak of his administration in the highest terms."

## Shooting at Benson.

There occurred last Thursday at Benson, in this Territory, a shooting affray between officers of the law and tramps, and as a result a tramp was killed and another seriously wounded. Deputy Sheriff William Shillam of the above place was shot in the breast and in the leg. It is not thought the officer will die.

The trouble grew out of a resistance of arrest by a lot of tramps wanted for petit larceny. Warrants were issued for the arrest of three or four of them, and Sheriff Fly of Tombstone and a deputy Sheriff went down to serve them.

The tramps refused to surrender, took refuge in a deserted house and opened fire on the approaching officers. There was a short but sharp fusillade, and when it was ended one of the tramps was dead, another mortally hurt and Officer Shillam badly wounded. Eight hobos surrendered and were taken to Tombstone.

## Catarrh Cannot be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials, free.

## A Flourishing Camp.

F. S. Ketchum came in Tuesday from the Picacho mines.

He says the mines bonded by him last spring are being developed as fast as men and money can do it.

Picacho is the liveliest and most prosperous mining camp on the Colorado river.

Mr. Ketchum informs us that the rumor put in circulation here the first of the week of the killing of a Mexican in that camp is not true.

## Threw Away His Cane.

Mr. D. Wiley, ex-postmaster, Black Creek, N. Y., was so badly afflicted with rheumatism that he was only able to hobble around with canes, and even then it caused him great pain. After using Chamberlain's Pain Balm he was much improved that he threw away his canes. He says this balm did him more good than all other medicines and treatment put together. For sale at 50 cents per bottle at Cotter's Drugstore.

David Russell gathered in nine hobos last night for breaking into a car. Mr. Russell left them in charge of a brakeman at the courthouse while he hunted up an officer. During his absence four escaped. The remaining five will have a hearing before Judge Duke today.

The Celebrated Pure Cream Rye Whisky kept in stock by John Shansey at his Crystal Palace Saloon in the Modesti block, is pronounced by his many patrons to be the finest flavored whisky in Yuma.

John Speese borrowed Sheriff Greenleaf's safety Thursday to practice, and while he was at Jaeger's wedding anniversary, Thursday night, somebody stole it. R. M. Strauss says he saw a man on a safety going east when he passed Blaisdell Station yesterday on his way to town. This no doubt is the same machine.

## Accidentally Shot.

A brakeman by the name of Quinn was accidentally shot on a freight train the other side of old Gila City yesterday forenoon, by another brakeman, through the calf of the leg. It seems that a number of tramps had stowed themselves away in a box car and the two brakemen went to put them out and off the train. One went in the car and the other remained on top. To frighten the hobos, the brakeman who went in the car pulled his gun and fired a shot through the roof of the car, with the above results. Quinn was brought to this city for treatment and is now stopping at the S. P. Hotel. The wound is only a flesh one and will not amount to much.

## In the Beginning

Of a new year, when the winter season of close confinement is only half gone, many find that their health begins to break down, that the least exposure threatens sickness. It is then as well as at all other times, and with people even in good health, that the following facts should be remembered, namely, that Hood's Sarsaparilla leads everything in the way of medicines; that it accomplishes the greatest cures in the world; has the largest sale in the world, and requires the largest building in the world devoted exclusively to the preparation of the proprietary medicine. Does not this conclusively prove, if you are sick, that Hood's Sarsaparilla is the medicine for you to take?

## La Fortuna Mines.

Three saloons opened up at the La Fortuna mines this week. The boys will now have a chance to spend their money "bunking against the tiger," as we are informed one of the saloons has a complete gambling layout and is fixed up in grand style.

A frame building is now being built for the company, and as soon as finished will be furnished with goods necessary for the wants of a mining camp.

Dan Devore has four 4-horse teams freighting between Blaisdell Station and the mine and the company three 4-horse teams.

The mount Lebanon Shakers have recently perfected an ingenious cure for dyspepsia. Their Digestive Cordial consists of a food already digested and a digester of foods happily combined.

The importance of this invention will be appreciated when we realize what a proportion of the community are victims of some form of stomach trouble. Thousands of pale, thin people have little inclination to eat, and what they do eat causes them pain and distress.

This Digestive Cordial of the Shakers corrects any stomach derangement at once. It makes thin people plump. Every one will be greatly interested to read the little book which has been placed in the hands of druggists for free distribution.

What is Laxo? Nothing but Castor Oil made as palatable as honey. Children like it.

Dr. W. S. Sexsmith has received the appointment of resident physician of the Golden Cross Milling and Mining Company at Hodges, and left this morning to enter on his new duties.

Our people are growing more and more in the habit of looking to Cotter's Drugstore for the latest and best of everything in the drug line. They sell Chamberlain's Cough Remedy, famous for its cures of bad colds, croup and whooping cough. When in need of such a medicine give this remedy a trial and you will be more than pleased with the result.

If you wish to enjoy a good smoke go to the Crystal Palace Saloon and ask for the "Celebrated John Shansey Cigar."

R. J. Duncan, train master here of the S. P. company, paid Tucson a visit this week.

Yuma is fast assuming metropolitan airs. Street peddlers may often be heard extolling the excellence of their wares about the street corners.

From the crowded appearance of Jaeger's saloon every night, times are picking up.

The Yuma Indians have buried large quantities of watermelons in the sand, so as to have plenty of them during the winter. They keep melons sound in that way for over six months.

When you come to town call at the Crystal Palace Saloon and sample one of John Shansey's favorite brand and the best cigar in town. Ask for "John Shansey's Celebrated Cigar."

The Cocopah and Degueno Indians, assisted by the Yumas, had a "Great Cry" recently south of the Lower California line. This is probably the last festival of the kind to be held during the year.

## Wedding Anniversary.

Mr. and Mrs. L. J. F. Jaeger celebrated Thursday evening the anniversary of their wedding. The Philharmonic Club's Band serenaded them in honor of the occasion, and a large number of their friends called and congratulated the happy couple and wished them an increase of pleasure during the coming year.

The little daughter of Mr. Fred Webber, Holland, Mass., had a very bad cough and cold which he had not been able to cure with anything. I gave him a 25 cents bottle of Chamberlain's Cough Remedy, says W. P. Holden, merchant and postmaster at West Brimfield, and the next time I saw him he said it worked like a charm. This remedy is intended especially for acute throat and lung diseases such as colds, croup and whooping cough, and it is famous for its cures. There is no danger in giving it to children for it contains nothing injurious. For sale at Cotter's Drugstore.

## Blood Made Pure

Eczema on Face, Neck and Hands Hood's Sarsaparilla Cured All Impurity.

"Our son Augustus was very severely troubled with eczema. Sores broke out on his face, neck and hands, and the slightest scratch on his hands would Break Out in Bad Sores. We persuaded him to take Hood's Sarsaparilla and it has been two or three months since he has been troubled. His hands are quite smooth. Our nephew, Edgar P. Shaver, who lives with us, was afflicted similarly only his case was more severe, accompanied by scrofulous bunches on his neck. He has taken four bottles of Hood's Sarsaparilla and is now well. His skin is as smooth as any one could wish, and the risings on his neck have disappeared." Mrs. M. J. GRAHAM, Box 178, Tallahassee, Ind. Ter.
